

Photograph Consent Form (for third party photographs)

Greenhavens wants to recognise the achievements and successes of its individual member projects and to develop the Greenhavens network. One of the ways we do this is to publish photographs and details of our achievements in our publicity material and press releases, including on our website.

We welcome photographs of locations/projects/gardens wildlife and people (volunteers, project teams and members of the public). We ask that if you send us photographs to be used in our publicity (for example on our website) then you abide by the guidelines below for images that include people who could be recognised, so that we comply with Safeguarding and Data Protection legislation.

- Photographs will only be taken with the permission of the subject(s) or their parent/guardian if under 18.
- Photographs will not be taken of anyone unable to give consent
- All photographs will maintain the dignity of the person/people in them
- Before using any photographs for publicity purposes the images will be shown to the person/people concerned for approval

I consent to the use of my photographs as provided to you for publicity purposes, unless I later withdraw this consent. I understand that consent cannot be withdrawn from images already published. I will ensure that any images of recognisable people meet the guidelines above, and I will give evidence this consent if requested to do so. I understand that I retain copyright and any rights of ownership over the images
